Dear Sir,

On behalf of Department of Electronics and Communication Engineering - K.S.R. College of Engineering, I am very pleased to have the honor of inviting you to deliver Guest Lecture at our college on "Do your Engineering rather than studying".

We have arranged the lecture on October 28, 2021 at 09:30 a.m. We are expecting an audience of approximately 93 students from our department.

It would be a great honor and privilege if you would graciously participate in our event and shared your expertise on the topic with our participants. Please let us know if you will require any audio-visual equipment or additional technological support. Also, please keep us informed of your travel itinerary.

We are anticipating your reply and look forward to spending the day with you and listening to your knowledgeable speech.

We look forward to seeing you soon.

LETTER OF APPRECIATION

This is to appreciate and thank **Mr.S.Sundaramoorthy,M.D** through his session in Guest Lecture on "Do your Engineering rather than studying ", conducted by our Department of Electronics and Communication Engineering on 28.10.2021(Tuesday). This lecture helped the students to understand the concepts of basic electronics, and also they are motivated towards the importance of core engineering and core companies. The guest lecture was very interactive and students were benefited.

PRINCIPAL

Impact Analysis on Guest Lecture

Department of Electronics and Communication Engineering had organized a Guest Lecture on **"Do your Engineering rather than Studying"** on 28th october 2021 from 9:30 AM to 1:30 PM in MCA Seminar Hall.

The guest lecture began with welcome address by Dr.P.S.Periasamy,Head of the Department,ECE. He introduced and welcomed **Mr.S.Sundaramoorthy, CEO of Sunshiv Electronic Solutions**, resource person to deliver the lecture. The lecture was attended by 93 students and 5 Faculty members of Electronics and Communication Engineering Department.

Mr.S.Sundaramoorthy explained to the students like "how to be an Engineer and how to enhance the knowledge" including the practical skill towards the core Industries.

He delivered his lecture with basics of electronics and along with the functions of "c" language in a simple and easy way of understanding.From his lecture they got an idea to develop the electronic components.

In that lecture,the explanation about the size of the electronic components was given and it was compared with the nail size.The guest lecture was very interactive and students were benefited.

Students were also motivated towards core Engineering. Also they came to know about the importance of core knowledge and core companies.

Finally all students gave the assurance that they will place in Core Company.

Impact Analysis on Guest Lecture

From Participant's Feedback

S.No	Parameter to be Analyzed	Number of Students			
		Extremely Good	Good	Quite Good	Poor
1.	Overall Organization of the Lecture	52	30	11	-
2.	Relevant Information	45	45	3	-
3.	Time and Venue	30	30	30	3
4.	Kindling about the Subject Knowledge	55	30	5	3
5.	Anticipation of Speech	65	15	10	3
6.	Opinion about Speaker	75	10	10	3
7.	Usefulness of the session from the Knowledge and information point of view	66	10	15	2
8.	Overall effectiveness of the Lecture	70	10	8	5

- The Guest Lecture was very informative that the students learnt about fundamentals of Basic Electronics and its components". The lecture was even more interesting with the examples he gave relating to each topic. It was wonderful Knowledge sharing and gaining lecture regarding the study of Engineering concepts.

Impacts:

- This Guest lecture helped the students to improve their knowledge on the field of Engineering studies and the students may have the opportunity to participate in more workshops that have taken place under various topics on Electronics And Communication Engineering subjects, held at various other colleges.
- The Students may also be insisted to publish many articles on journals and conferences .
- The Guest Lecture had also motivated the students to do more projects with the electronic components and also regarding their placements in core companies.

Impacts on Programme Outcomes:

PO1-Engineering Knowledge:

This Guest Lecture provides basic engineering knowledge on basic electronics.

PO11-Project Management and finance:

This lecture motivated many of the students to do project on electronic device.

PO12-Life-long Learning:

This lecture provides information on electronic device and hence helps life-long learning.

Report on Guest Lecture

Topic: Do your Engineering rather than Studying

Speaker: Mr.S.Sundaramoorthy,MD.

Faculty Co-Ordinator: P.Sivasankar Rajamani.

Date & Time: 28.10.2021 at 9.30 A.M.

Department of Electronics and Communication Engineering had organized a Guest Lecture on "**Do your Engineering rather than Studying**" on 28th October 2021 from 9:30 AM to 1:30 PM in Seminar Hall.

The guest lecture began with welcome address by **Dr.P.S.Periasamy**, Head of the Department, ECE. He introduced and welcomed **Mr.S.Sundaramoorthy,MD., Sunshiv Electronics Solutions, Coimbatore**, resource person to deliver the lecture. The lecture was attended by 93 students and 5 Faculty members of Electronics and Communication Engineering Department.

Guest Profile:

Mr.S.Sundaramoorthy,MD has completed his Diploma in Mechanical Engineering at Tamilnadu Polytechnic, Madurai in 1988 and he has completed "computer Aided Designing" in Electrical and Electronics, Mechanical and Jewellery designing. He started his career as "Draughtsman" and elevated as Design Engineer, also functioned as Quality Control as well as Quality assurance executive in CPC Ltd. & Best Engineers Ltd Coimbatore. He served as Senior level Designer in Emerald Jewel Industries Ltd., and kirtikal kalidas Ltd. He Started own organization "Sunshiv Electronic Solutions" in the year of 1994 and Serving as a solution provider in Electrical , Electronics , Mechanical And Textile Industries for technical problems.

The session ended with a hearty thanks and presenting of a memento to Mr S.Sundaramoorthy by Dr.P.S.Periasamy in appreciation for taking the time out to educate the students on Engineering. He thanked the Management for providing the platform to organize guest lectures on innovative technologies. He appreciated Faculty members, student volunteers and participants for the successful conduction of the event.

As per the feedback received from the participants it was very good learning experience. This lecture helped the students to understand the concepts of basic electronics and also they are motivated towards the importance of core engineering and core companies. He also explained to the students like "how to be an Engineer and how to enhance the knowledge" including the practical skill towards the core Industries.
