<b>Outcome of the Program</b>	The Memorandum of Understanding (MoU) serves as a written agreement of mutually agreed principles, done to guide academic and research activities between the two institutions. The benefits you get through MoU are: (1) enables both undergraduate and graduate student exchange programmers, both short- and long-term. (2) enables communication between academic and administrative employees for seminars, conferences, teaching, and research objectives. (3) enables collaboration on research projects, activities, and contact details. (4) enables the sharing of academic knowledge and materials. In addition to the advantages already outlined, MoU offer a number of additional academic advantages to both faculty and students.
