ABOUT THE COLLEGE

K.S.R.College of Engineering (Autonomous) was established in the year 2001 by the Aarthi Educational and Charitable Trust, approved by AICTE and affiliated to Anna University. This college is Accredited by NAAC with 'A' grade. College offers Eight B.E/B.Tech. Degree programmes, MCA, MBA & seven M.E programmes.

The college has completed Twenty years of dedicated service in the field of Technical Education with avowed mission to scrupulously make expert and ethical technocrats committed to bringing about creative advancements for a better world.

ABOUT THE DEPARTMENT

Department of CSE was NBA Accredited and started in the year 2001 initially with B.E Programme. With the increasing demand in Computer Science and Engineering, M.E programme was started in the year 2007. The department is recognized to offer the research programme for Ph.D. The department aims at developing intellectually alert, scientifically progressive, globally competent and dynamic young IT professionals. The students are transformed into technically qualified & employable human resources for the development of society. The department is encouraging the faculty to carry out the consultancy services towards the present needs of the society.

ABOUT ICSSR

Indian Council of Social Science Research (ICSSR) was established in the year of 1969 by the Government of India to promote research in social sciences in the country. Documentation center of ICSSR - National Social Science Documentation Centre (NASSDOC) - provides library and information support services to researchers in social sciences. ICSSR has developed ICSSR Data Service to serve as a national data service for promoting powerful research environment through sharing and reuse of data among social science community in India.

ABOUT THE SEMINAR

Cyber security awareness training is important for women as the cyber crime is increasing day by day whether women are working in the office or on the road. The main objective of this awareness program is to educate women about cyber crime, safety and guard their children against child pornography or cyber bullying. TECHNICAL REPORT

On behalf of Computer Science and Engineering department, K.S.R College Of Engineering, we wish to express our sincere thanks to Indian Council of Social Science Research for sanctioned the National Level Seminar on “Cyber Security Awareness Training Program for Women Welfare” held on 27-04-2021 & 28-04-2021. With the help of such kind of seminar programs, we can enhance the technical knowledge as well as social awareness of faculty members and student’s community. This seminar aims to provide opportunities to faculty members, to enrich their technical knowledge as well as create an awareness and research in the field of Cyber Security.

The seminar was started with inaugural function and inaugural address was delivered by Mr. N. Raagavendran, Founder and Director of RR Infotech, Salem in the presence of Dr.P.Senthilkumar, Principal, Dr.A.Rajiv Kannan, Head of Computer Science and Engineering Department,. Due to corona we are restricted the participants of only 50 and the presence of their seminar is very much important on that period. The session was started after inaugural function and each session were handled by well qualified and experienced faculty and cyber security members drawn from leading organization and delivered lectures on awareness about Cyber security in the aspects of women welfare on 27-04-2021 & 28-04-2021. The Physical presence of the session handler is also a very grateful thing during this Covid-19. They also shared their rich and varied experiences in the field of Cyber security with the participants. The real time problems facing with women were discussed for better understanding of different problems in the area of Cyber security in the present world. At the end of this seminar certificates were issued to the participants during valedictory function.

As the outcome of this seminar, all the technical sessions were very much informative to the participants. The discussed topics were great benefit for the participants as they are facing problems in the real world by cyber crime. This seminar was very useful for the participants to know the techniques to handle cyber security issues in this present world and enhance their research in this field with various computing techniques. We are very proud to organize this seminar in successful way and thanks for giving opportunity to Indian Council of Social Science Research.
