Value added course on Java Programming

(13.11.2019 TO 13.12.2019)

K.S.R.College of Engineering, department of electrical and electronics engineering conducted 31 days value added course on Java Programming. This programme was presided over by our vice chairman Thiru.R.srinivasan, our principal Dr.P.Senthilkumar.

Value added course on Java Programming was organized by department of Electrical and Electronics Engineering hands on with Dr.M.Ramasamy Mr.E.kannan, Mr K. Muthukumaran, Assistant Professor, Department of CSE was the resource person of this programme.

Java programming course will be introduced to powerful concepts such as functional abstraction, the object oriented programming (OOP) paradigm and Application Programming Interfaces (APIs). Examples and case studies will be provided so that they can implement simple programs on your own or collaborate with peers. Emphasis is put on immediate feedback and on having a fun experience. Programming knowledge is not only useful to be able to program today's devices such as computers and smartphones. It also opens the door to computational thinking, i.e. the application of computing techniques to every-day processes.
