

# K.S.R.COLLEGE OF ENGINEERING

(An Autonomous Institution)

Tiruchengode, Tamil Nadu – 637 215.

## Event Schedule

1	Name of the Event (Seminar/Workshop/Conference/FDP/Any other)	WORK SHOP
2	Name of the Organizer	EEE Department
3	Date of Event	08.02.2019
4	Platform	OFFLINE
5	Title of the Event	Skill Development Programme on Learning Transformer – A Hands on Approach
6	Name of the Coordinators	Dr.C.Gowrishankar & Mr.J.Thiyagarajan
7	Total Participants	56
8	Objectives of the Event	To be successful completion of the event the participants have developed skill in the transformer testing and installation.

## Report On one day workshop on Skill Development Programme on Learning Transformer – A Hands on Approach

(19.03.2019)

In K.S.R.College of Engineering, department of electrical and electronics engineering conducted one day workshop on **Skill Development Programme on Learning Transformer – A Hands on Approach**. This programme was presided over by our vice chairman Thiru.R.srinivasan, our principal Dr.P.Senthilkumar, through offline mode.

Workshop on Skill Development Programme on Learning Transformer – A Hands on Approach organized by department of Electrical and Electronics Engineering hands on with Mr.S.V.Sreeraj, Director & Mentor, Emcog Solution, Bangalore, was the resource person of this programme.

A transformer, whether it is for Generation, Transmission or Distribution, is an expensive and critical element of the power system. Its life depends on how well it is designed, manufactured and maintained. Design is the key factor to make the transformer 'born tough'. Also, there is demand for transformers with lower price and higher reliability. Moreover, in a deregulated environment, the electric utilities are under constant pressure to reduce the operating costs, enhance the availability and improve the quality of power as well as services to the customers. In this situation, design of transformer and life extension technologies help to a large extent. The parameters such as kVA rating, lightning impulse, switching impulse, percentage impedance, core, rated voltages, insulation level & coordination, short-circuit impedance, short-circuit forces, loss evaluation, temperature limits, cooling, sound level, etc. will be discussed during sessions of this workshop.

From

Dr.C.Gowri Shankar,  
Associate Professor / EEE,  
KSR College of Engineering,  
Tiruchengode - 637215.

To

The Principal,  
KSR College of Engineering,  
Tiruchengode - 637215.

Through

The Head of the Department,  
Department of EEE,  
KSR College of Engineering,  
Tiruchengode - 637215.

Respected Sir,

Sub: Permission to conduct Skill Development Programme - Requested - Reg.

\*\*\*\*\*

We have planned to conduct a one day Skill Development Programme on "Learning Transformers - A Hands-on Approach" on 08<sup>th</sup> February, 2019 to enhance the practical knowledge of our students. The details of the trainer and his professional experience are enclosed with this letter. In this regard, I request you to permit us for conducting the said programme and extend your valuable suggestion for the successful execution.

Thanking you,

J. Thiyagarajan  
C. Gowri Shankar

Tiruchengode - 637215.

To

The Principal,  
KSR College of Engineering,  
Tiruchengode - 637215.

Respected Sir,

Sub: Resource person accommodation and food – reg.

\*\*\*\*\*

I wish to inform you that department of EEE is organizing a one day Skill Development Programme on **“Learning Transformers – A Hands-on Approach”** on **08<sup>th</sup> February, 2019**. In this regard, I request you to grant permission for the resource person to stay in KSRCE boy's hostel and to provide breakfast and lunch from our mess.

Thanking you,

Date : 07-02-2019

Station: KSRCE
