Minutes of Board of Studies (BoS) Meeting

Name of the Programmes & Department	B.E. Computer Science and Engineering
Meeting No	06
Date & Time	29.04.2022 & 9.30 AM
Venue	HoD Chamber (Online Mode)

Agenda of the Meeting:

S.No.	ITEMS
1	General Discussion on Regulations 2020.
2	Framing syllabi for B.E (CSE) Third year Fifth semester in R2020 and open elective for other department.
3	Suggesting methods of Teaching and assessment.
4	Framing guidelines for selecting Panel of Internal and External Examiners for Question Paper settings and valuation.
5	Other related matters.

The list of members attended the meeting is given in Annexure – I.

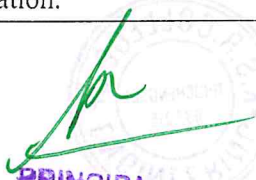

The Chairman of Board of Studies (BoS) welcomed all the members for the meeting. The items listed in the Agenda are taken for discussion one by one. The minutes of the meeting are as follows.

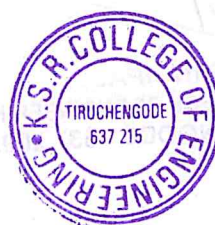

Item – 01	General Discussion on Regulations 2020 and 2022.
	<ul style="list-style-type: none">➤ When framing the new curriculum, the guidelines framed by AICTE may be moderately followed for both UG and PG Courses.➤ And also refer the various national and international institutions curriculum and syllabi.
Item – 02	Framing syllabi for B.E (CSE) Third year Fifth semester in R2020 and open elective for other department.

PRINCIPAL,
K.S.R. COLLEGE OF ENGINEERING,
TIRUCHENGODE - 637 209.

Discussion	<ul style="list-style-type: none"> ➤ The proposed Syllabi for fifth semesters of UG have been presented before the members of the board. ➤ The following comments have been suggested in the proposed syllabi by Dr.A.M.Kalpana (University Nominee), Dr.P.Srinivasan (External Subject Expert), Dr.Amuthan (External Subject Expert), Muthusamy P (Alumnus). ➤ In V semester, in the course namely “Web Programming” the committee has recommended to reduce the syllabus in third unit. ➤ In V semester, in the course namely “Computer Networks” the committee member recommended to change the prerequisite and also add recent text books. ➤ In V semester, in the course namely “Open Source Technology” the committee has recommended to check the text flow. ➤ In syllabus framing to specifying the topic in all units same standard may be followed. ➤ In V semester, in the course namely “Distributed System”, the committee member has suggested to may be changing the fourth unit content and add some new techniques. ➤ In V semester, in the course namely “Advanced Data Base System”, the committee member has suggested to avoid the content repetition. ➤ List of open electives are discussed in the meeting to offered other department <ul style="list-style-type: none"> 1. Programming in Java 2. Basic concepts of Data Structures 3. Artificial Intelligence and Robotics 4. Big Data and Analytics 5. Internet Programming 6. Principles of Ethical Hacking 7. Green Technology 8. Fundamentals of Mobile Application Development 9. Hardware and Trouble Shooting 10. Fundamentals of Database Concepts
Resolution	➤ It is to resolve and incorporate the above said suggestions and submitted to the academic council for the approval.
Item – 03	Suggesting methods of Teaching and Assessment.
Discussion	➤ It is the general opinion of Dr.A.M.Kalpana that no core courses should be avoided while framing curriculum under any circumstances as they are needed for the candidates to do higher studies and also to write the GATE like exams.
Resolution	➤ It is to resolve and incorporate the above said suggestions and submitted to the academic council for the approval.
Item – 04	Framing guidelines for selecting Panel of Internal and External Examiners for Question Paper settings and valuation.
Discussion	<p>Detailed discussion on examiners for question paper setting and valuation were made. The panel members suggested the following points</p> <ol style="list-style-type: none"> 1. 50% of external examiners and 50% of internal examiners are used for paper valuation.

Agenda of the Meeting:

AGENDA	
1	Framing Syllabus for Fifth Semester Courses of B.E (EEE) – R 2020
2	Framing Syllabus for Open Elective Courses offered to other Departments – R 2020
3	Review of Curriculum and Suggestion to change open elective to professional core
3	Other related matters

The list of members attended the meeting is given in Annexure – I.

The Chairman of the Board of Studies (BoS) welcomed all the members for the meeting. The items listed in the Agenda were taken for discussion. The minutes of the meetings are as follows:-

Item – 01	General points to be considered for the curriculum
Discussion	<p>The members of the Board of studies suggested the following points while framing the curriculum.</p> <ul style="list-style-type: none">➤ BoS members suggested to reduce the number of open elective courses from 04 to 02. The members have suggested adding two professional core courses instead of two open elective courses.➤ BoS members suggested that content of syllabus to be checked and fundamental topics may be included.

Item No 02	Discussion on Syllabus for Fifth Semester for B.E (EEE)
Discussion	<p><u>Subject Name : Signals and Systems</u></p> <ul style="list-style-type: none"> ➤ Add importance of power spectrum density analysis in Unit V <p><u>Subject Name : Power Electronics</u></p> <ul style="list-style-type: none"> ➤ Add unit headings for unit – IV and Unit – V ➤ BoS members suggested to add some other devices instead of Power BJT in Unit I ➤ Remove the topic freewheeling diode in unit – II. ➤ BoS members suggested use Boost, Buck, Buck-Boost words instead of step-up and step-down. ➤ Remove the Class A, Class B and Class C Converters. <p><u>Subject Name : Power System Protection and Switchgear</u></p> <ul style="list-style-type: none"> ➤ BoS members suggested to include digital protection in Unit II ➤ Reframe the unit – II Syllabi. Title of Unit – II may be changed ➤ Add Types of bus bar topic in unit – IV ➤ In Unit – II remove circulating current protection <p><u>Subject Name : Power System Laboratory</u></p> <ul style="list-style-type: none"> ➤ Suggested to change the name of course as "Power System Simulation Laboratory". <p><u>Subject Name : Power Electronics laboratory</u></p> <ul style="list-style-type: none"> ➤ BoS members suggested include Simulation of AC voltage controller instead of converters. <p><u>Subject Name : Power Plant Engineering</u></p> <ul style="list-style-type: none"> ➤ BoS members suggested that to change title of unit V as "Renewable Energy Sources" <p><u>Subject Name : Special Electrical Machines</u></p> <ul style="list-style-type: none"> ➤ BoS members suggested to add linear Switched Reluctance Motor in Unit IV (Check Possibility)

 PRINCIPAL,
 K.S.R. COLLEGE OF ENGINEERING,

	<p><u>Subject Name : Advance Control System</u></p> <ul style="list-style-type: none"> ➤ Change the title of the Course as “Advanced Control System” ➤ BoS members suggested to add Time Domain Analysis after State transition matrix in Unit - I
Item No 03	<p>Discussion on Syllabus of Open Elective offered to other Departments B.E - R2020</p>
Discussion	<p><u>Subject Name : Electrical Instruments and Measurements</u></p> <ul style="list-style-type: none"> ➤ BoS members suggested to include latest measurement techniques in Unit V ➤ Add tuned bridge and other methods in Unit – V ➤ Include Digital Meters. ➤ BoS members suggested to combine Unit 4 & Unit 5 <p><u>Subject Name : Fundamentals of Electrical Machinery</u></p> <ul style="list-style-type: none"> ➤ BoS members suggested to remove Open Circuit & Short Circuit Test of Transformers in Unit – III <p><u>Subject Name : Electrical Power Generation System</u></p> <ul style="list-style-type: none"> ➤ Check the Titles of all Units. <p><u>Subject Name : Control Engineering</u></p> <ul style="list-style-type: none"> ➤ BoS members suggested to remove Lag, lead and lag-lead compensator design using bode plots <p><u>Subject Name : Industrial Automation</u></p> <ul style="list-style-type: none"> ➤ BoS members suggested to include HMI interface <p><u>Subject Name : Power Semiconductor Devices</u></p> <ul style="list-style-type: none"> ➤ If it possible add circuits in the syllabi <p><u>Subject Name : Energy Conservation and Management</u></p> <ul style="list-style-type: none"> ➤ Add Energy audit instead of analysis in Unit V <p><u>Subject Name : Electrical Wiring, Estimation and Costing</u></p> <ul style="list-style-type: none"> ➤ BoS members suggested including ELCB's, RCCB in Unit I ➤ BoS members suggested to include clearance of line in Unit II

 PRINCIPAL,
 K.S.R. COLLEGE OF ENGINEERING,
 TIRUCHENGODE - 637 209.

	Subject Name : Electrical Drives and Control <ul style="list-style-type: none"> ➤ BoS members suggested that to include thermal rating of motor before the Classes of motor duty in Unit I ➤ Change the Cognitive Level of CO5 to Apply
Item No 04	Other Related Matters
Discussion	<ul style="list-style-type: none"> ➤ Bos Member suggested giving value added courses to students

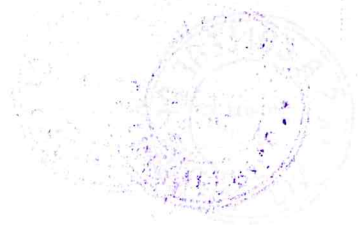

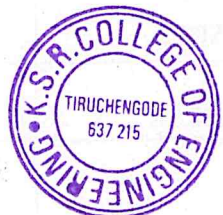

The Chairman of Board of Studies (BoS) thanked all the members for their valuable suggestions and coordination.

20EE511 POWER SYSTEMS - II

Prerequisite: Electric Circuit Analysis, Power Systems I

Course Outcomes: On successful completion of the course, the students will be able to

- CO1: Apply the knowledge about modeling of power systems. Cognitive Level: Understand
- CO2: Determine the power system network parameters. Cognitive Level: Apply
- CO3: Analyze the power flow in the power system network. Cognitive Level: Apply
- CO4: Assess the power systems abnormal operating conditions. Cognitive Level: Apply
- CO5: Explain the stability of the power system for various disturbances. Cognitive Level: Understand

UNIT - I INTRODUCTION TO POWER SYSTEM ANALYSIS [09]
 Introduction to modern power system - Need for system analysis in planning and operation of power system - Basic components of a power system - Single line diagram - Per phase analysis - Generator model, Transformer model, Load model; Load representation - Per unit representation

UNIT - II ADMITTANCE AND IMPEDANCE MATRIX [09]
 Introduction to network equation - Primitive matrix - Formation of Ybus matrix: Inspection method, Singular transformation method (Without Mutual coupling), Node elimination - Formation of Zbus matrix using step by step method (Without Mutual coupling) - Equivalent circuit of transformer with off-nominal tap ratio

Participants: HoD-EEE PSG CT, R. Sankarganesh EEE, GOVINDARAJU C, K.Yamuna EEE, Dr Devi Shree J, 2 others, You.

UNIT - I OPERATING PRINCIPLES AND RELAY CHARACTERISTICS [09]
 Necessities and need for protective schemes - Nature and causes of faults - Types of faults - Zones of protection and essential qualities of protective relays - Protection scheme - Coordination and Discrimination - delays - Over current relays - Directional relays - Distance relays - Under frequency relays - Static relays

UNIT - II APPARATUS AND LINE PROTECTION [09]
 Generalist protection - Protection against stator faults - Balanced earth fault Protection - Stator earth fault protection - Unbalanced loading of alternator - Overloading protection - Prime mover failure - Overvoltage protection - Restricted earth fault protection of generator - Standby earth fault protection - Maloperation Relay - Rotor fault protection - Backup protection - Induced Overvoltage - Motor Protection - Transformer Protection - Differential Protection of Transformers - Bushholz Relay - Busbar protection - Frame leakage protection - Calculating current protection - Line Protection - Distance or impedance Protection in Transmission line protection - Carrier current protection

UNIT - III THEORY OF CIRCUIT INTERRUPTION [09]
 Physics of arc phenomena and arc extinction - Restriking voltage and Recovery voltage - Rate of rise of recovery voltage - Current chopping - Interruption of capacitive current - Resistance switching - DC and AC circuit breaking

UNIT - IV FUSED & CIRCUIT BREAKERS [09]
 Fuses - Types and its specification - Fault clearing process - Mechanism of current - Types of Circuit Breakers - Air Blast - Air Break, Oil, SF6 and Vacuum circuit breakers - Comparative merits of different circuit breakers - Rating of circuit breakers

UNIT - V EARTHING AND PROTECTION AGAINST OVER VOLTAGES [09]
 Power system earthing - Concepts of Step potential and Touch potential - Effect of electric shock on human beings - Causes of over voltages - Methods of protection against over voltages - Ground wires, Lightning, Switching, Induction failure, Peterson coil, Surge absorbers, Surge diverters - Relay coordination - Selection of protective system

Venue	Online Mode Meeting Uri: https://meet.google.com/nay-cxfh-rhj

Agenda of the Meeting:

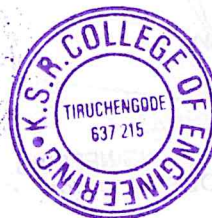

AGENDA	
1	Discussion and Review of Decision taken in Previous meeting.
2	Framing of Syllabi for U.G courses (5 th semester R2020)
2	Suggesting methods to Improve Teaching and Assessment
3	Other related matters.

The List of Members who have attended the Meeting is given in Annexure – I.

The Chairman of Board of Studies (BoS) welcomed all the Members to the 12th BoS meeting. After the brief introduction the items listed in the Agenda are taken for discussion one by one. The minutes of the meeting are as follows.

ITEM - 01	DISCUSSION ON SYLLABUS CONTENTS
Discussion 01	General Discussion
Resolution	<ul style="list-style-type: none">➤ BoS Members felt that the contents of all courses are vast in nature.➤ In CO PO mapping CO's may be mapped with most of the PO's.➤ Give some practical input to the students for better placements.➤ Students may be trained in circuits / Systems design using software / hardware for better placement in core industries.➤ Recent topics may be included in all subjects.
Discussion 2	Discussion on Course contents of Vth semester
	BoS Members given the following Suggestions for V semester Courses. Course Name : Analog Communication <ul style="list-style-type: none">➤ Members suggested that the topic random process can be removed➤ Importance to pulse modulation can be added.

Resolution	<p><u>Course Name : Digital Signal Processing</u></p> <ul style="list-style-type: none"> ➤ In Unit 5 add introduction about CFT and review of CFT before DFT. ➤ Add 67XX architecture in the DSP processor Unit. ➤ Suggested a book title "Fundamentals of DSP by Lonnie C Ludeman book as text book and DSP: Principles, algorithms and applications by Dimitris Manolakis and John G Proakis book as reference.
	<p><u>Course Name : Digital Signal Processing Laboratory</u></p> <ul style="list-style-type: none"> ➤ Mention cognitive levels in each experiment. ➤ Sampling and reconstruction experiment may be included ➤ Remove Addressing Modes ➤ The following experiments may be given using any one processor <ol style="list-style-type: none"> 1. FIR Filter 2. IIR Filter 3. Computation of DFT and FFT 4. Convolution
	<p><u>Course Name : Computer Networks</u></p> <ul style="list-style-type: none"> ➤ Give variations in cognitive levels ➤ Include queuing models concept ➤ Include topics which are relevant to networking to improve core placement
	<p><u>Course Name : Embedded Systems</u></p> <ul style="list-style-type: none"> ➤ Include ARM Processor and PIC Microcontrollers
	<p><u>Course Name : Embedded Systems Laboratory</u></p> <ul style="list-style-type: none"> ➤ Studying four processor is too heavy for students. Any one processor in detailed manner is enough. ➤ The same processor can be include in theory course also.
	<p><u>Other Department Course</u></p>
	<p><u>Course Name : Microcontrollers and Embedded Systems</u></p> <ul style="list-style-type: none"> ➤ BoS Members felt that the contents are vast in nature.

01.	Framing of Syllabi for Regulations 2020 - 05 Semester Core and Professional Elective Courses.
02.	Framing of Syllabi for Open Elective Courses
03.	Suggesting methods of Teaching and Assessment & Other matters.

The list of members attended the meeting is given in Annexure – I.

The Chairman of Board of Studies (BoS) welcomed all the members for the meeting. The Chairman of BoS has elaborated on Institution Vision & Mission, Department Vision & Mission, Programme Educational Objectives(PEOs), Programme Outcomes (POs) & Programme Specific Objectives(PSOs) to the BoS members. The items listed in the Agenda are taken for discussion one by one. The minutes of the meeting are as follows.

Item – 01.	Framing of Syllabi for Regulations 2020 - 05 Semester Core and Professional Elective Courses.
Discussion	<ul style="list-style-type: none">The proposed Syllabi for Third Year / 5th semester have been presented before the members of the board with a discussion on Course Outcomes and mapping of Co – PO for all the courses.The following comments have been suggested in the proposed syllabi by BoS members.

PRINCIPAL,
K.S.R. COLLEGE OF ENGINEERING,
TIRUCHENGODE - 637 209.

	<ul style="list-style-type: none"> ○ For the Course 20IT512 - Theory of Computation , the committee has recommend to include PCP and modified PCP in Unit V ○ For the Course 20IT511 – Data Analytics, the committee has recommended to change the title for Unit-I and update the recent edition of the text book. ○ For the Course 20IT521 - Data Analytics Laboratory, the commite has recommended to include an experiment using Map Reduce. ○ For the Course 20IT513 – Computer Networks, the committee has recommended to include HTTPS in Unit V. ○ For the Course 20IT564 – Unix Internals, the committee has recommended to include latest edition text book. Also insisted to update the course with Linux contents in the forth coming regulations. ○ For the Course 20IT565 – Agile Methodologies, the committee has recommended to include tools like Jira in the Unit V.
Resolution	➤ It is to resolve and incorporate the above said suggestions and submitted to the academic council for the approval.
Item – 02	Framing of Syllabi for Open Elective Courses
Discussion	<ul style="list-style-type: none"> • The proposed Syllabi for Open Elective Courses UG - [R 2020] have been presented before the members of the board with a discussion on Course Outcomes and mapping of Co - PO for all the courses. The following comments were suggested in the proposed syllabi by BoS members. ○ For the Open Elective Course - Agile Methodologies, the committee has recommended to add Jira tool in Unit V. ○ For the Open Elective Course - Data Science using R, the committee has recommended to add ggplot2 package in Unit V. ○ For the Open Elective Course - Principles of Cyber Security, the committee has recommended to add Encryption tools like KeePass in Unit V. ○ The committee has recommended to change the Open Elective course title from Cloud Technologies to Principles of Cloud computing and to reduce the contents in al the units. ○ For the Open Elective Course - BlockChain Technologies, Blockchain 3 & 4 has been informed to include in Unit I. ○ For the Open Elective Course - Internet of Things and Applications, the committee has recommended to include MQTT , CoAP protocols in the topic of physical design of IoT.

	o For the Open Elective Course - Open Source Technologies, the committee has recommended to include grouping in DML commands.
Resolution	It is to resolve and incorporate the above said suggestions and submitted to the academic council for the approval.
Item – 03	Suggesting methods of Teaching and Assessment and Other matters.
Discussion	<ul style="list-style-type: none"> • The Chairman and BoS Panel members had a brief discussion on one credit courses like NCC & Yoga, Skill Development and Employability courses. • The committee also discussed on internship and industry specific training, value added courses and common coding practices to be followed in the department to make students industry ready. • The committee has also suggested adding few courses like DevOps which includes CI/CD Tools, Kubernetes, Mainframe and Cyber Systems in the forth coming regulations.
