3. Engineer's Day Celebrations (15.09.2021):

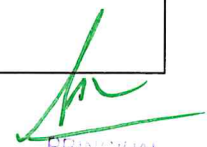

Engineering is a scientific field and job that involves taking our scientific understanding of the natural world and using it to invent, design, and build things to solve problems and achieve practical goals. This can include the development of roads, bridges, cars, planes, machines, tools, processes, and computers.

4. Pongal Celebrations (13.01.2022):

Pongal, also referred to as Thai Pongal is a multi-day harvest festival of South India. It is one of the most important festivals celebrated in Tamil Nadu. The uniqueness of the festival reminds us of the importance of natural resources, especially when the entire world is battling environmental change. The objective of the event is to enable students to know about the tradition, culture and their importance behind the regional festivals of Tamilnadu. Most of the students in the institution hail from the rural background and they belong to different religions and community. Displaying religious amity, students of diverse faiths celebrated 'Samathuva Pongal' at the campus. Students of all religions sinking their religious differences enthusiastically took part in the festival of harvest, also celebrated as 'Tamizhar Thirunal'. Both the faculty and students were happy about participating in different competitions after the celebrations.
