**Brief Report of the program**

The Hackathon titled “**Frontend Designing**” was organized for II and III-year student of CSE. Hackathon event aimed at fostering creativity among students. The primary objective of the hackathon was to encourage students to develop practical solutions to real-world problems within a limited time frame, providing them with hands-on experience in a high-energy, competitive environment. Overall, the hackathon was a resounding, highlighting the incredible talent and ingenuity of our students and underscoring our commitment to nurturing future tech innovators.

<b>Outcome of the Program</b>	Participants worked collaboratively to address pressing challenges, gaining hands-on experience in problem-solving and project execution. This event provided valuable exposure to industry practices, with mentorship and feedback from experts helping to refine their ideas.
