CENTER OF EXCELLENCE ON BLOCK CHAIN

The objective of a Centre of Excellence (CoE) for Block Chain is to serve as a hub for innovation, research, development, training, and policy support to the students. Here's a detailed breakdown of its objectives:

- **Skill Development and Training:**

  Conduct workshops, seminars, and certification programs to train professionals and students in block chain technologies.

- **Collaboration and Partnerships:**

  Facilitate collaboration between academia, government, and industries to drive innovation and real-world use cases.

- **Research and Development (R&D):**

  Explore and develop new block chain protocols, frameworks, and applications tailored to specific industries.
