ABOUT THE PROGRAMME

Microsoft Office (or simply Office) is a family of server software, and services developed by Microsoft. It was first announced by Bill Gates on August 1, 1988, in Las Vegas. The first version of Office contained Microsoft Word, Microsoft Excel, and Microsoft PowerPoint. Over the years, Office applications have grown substantially closer with shared features such as a common spell checker, data integration etc. Office is produced in several versions targeted towards different end-users and computing environments. The original, and most widely used version, is the desktop version, available for PCs running the Windows, Linux and Mac OS operating systems. Office Online is a version of the software that runs within a web browser, while Microsoft also maintains Office apps for Android and iOS. Microsoft Office was primarily created to automate the manual office work with a collection of purpose-built applications. Microsoft Office is available in 35 different languages and is supported by Windows, Mac and most Linux variants. It mainly consists of Word, Excel, PowerPoint, Access, OneNote, Outlook and Publisher applications.

Respected Sir/Madam,

Our institute is organising ICT based Short Term Course on Energy Efficient and Decarbonisation Technologies (ICT-3 to09.06.2023, to upgrade the knowledge regarding the significant aspects of Decarbonisation and energy efficiency, Technologies . This course aims to achieve the following objectives:

- To make the participants aware regarding the important aspects of Pollution, Decarbonisation and Sustaina
- To update the knowledge of participants with respect to Energy efficiency and Energy audit
- To upgrade knowledge regarding various Clean and Green technologies and Schemes for propagating the sai
- To apprise the participants regarding different green technologies in the areas of renewable energy, wastew pollution control and mitigation, smart grid etc.

In view of the importance of the above programme in context of the country's development, you are requested to kindly faculty members and technical staff from your Engineering/Polytechnic Colleges for attending this online training progr

The registration of participants for this STC is online through our institute website- www.nitttrchd.ac.in Your institute may be one of the remote centres for faculty/technical staff training through online mode. Report on Event

Our K.S.R. College of Engineering, is approved as Nodal Centre of NITTTR, Chandigarh for conducting the online Short Term Course(STC) course as follows :

Nature of the Course : ICT Based Short Term Training Course (STC)
Name of the Course : "Energy Efficient and Decarbonisation Technologies"
(ICT-36)
Date of Event : 5/6/2023 to 9/6/2023 (Monday to Friday)

The coordinator of the event is,

Prof. Poonam Syal,
Head of Rural Development
Professor / Department of Electrical Engineering

As per the norms of NITTTR, to conduct this event, one faculty to act as Local Coordinator and other as Technical Support Staff with minimum of 20 participants are mandatory. Following the information, 25 faculty members from our college are registered for the event @ the official web portal of the NITTTR, Chandigarh.
