

## K.S.R College of Engineering – MSME Business Incubator

**K.S.R College of Engineering (KSRCE)** is recognized as a **Business Incubator (BI)** under the **MSME Innovative Scheme – Incubation Component**, Ministry of Micro, Small and Medium Enterprises, Government of India.

Our MSME Business Incubator serves as a **launchpad for innovators, entrepreneurs, and startups** by providing:

- **Prototype development support** through funding and technical facilities.
- **Mentorship & business advisory services** from industry experts and domain specialists.
- **State-of-the-art infrastructure** for product development, testing, and validation.
- **Market linkages & investor connect** for commercializing innovations.

Through this initiative, KSRCE nurtures **idea-to-market transformation**, especially encouraging innovations from **students, faculty, rural entrepreneurs, and early-stage founders**. We focus on fostering **technology-driven, socially impactful, and commercially viable solutions** across diverse sectors.

The MSME Business Incubator at KSRCE works in close collaboration with **industry, research institutions, and government agencies** to strengthen the **startup ecosystem** in the region, enabling innovators to turn ideas into sustainable enterprises.

A talented team of our students has secured **₹15 lakhs funding** in the prestigious **MSME 4.0 Hackathon** under the **MSME Innovative Scheme**.

This achievement showcases the innovation, technical expertise, and entrepreneurial spirit of our young minds. The grant will support them in developing their prototype into a market-ready solution with guidance from the **KSRCE MSME Business Incubator**.

We congratulate our student innovators and look forward to seeing their idea create real-world impact.
