

## ECO CLUB

### **Introduction**

An **Eco Club** is a student or community - driven group that focuses on promoting environmental awareness, sustainability, and eco-friendly practices. These club aim to engage individuals, particularly the younger generation, in understanding and addressing key environmental challenges such as pollution, climate change, and resource depletion. Through activities and projects, Eco clubs encourage responsible behavior, inspire green initiatives, and work towards creating a positive impact on the environment.

### **Vision**

The vision of the Eco Club at K.S.R College of Engineering is "To build a sustainable and Eco - conscious community where individuals are motivated to take action in protecting and preserving the environment, fostering a future where nature and humanity thrive together." This vision helps guide the goals, activities, and direction of the Eco Club, ensuring that its members are united in working towards a healthier planet and a more sustainable world.

## Objectives

- Eco clubs educate their members and the wider community about environmental issues like climate change, pollution, resource depletion, and biodiversity loss.
- They advocate for sustainable living practices, such as energy conservation, waste reduction, recycling, and sustainable agriculture.
- Members of Eco clubs typically engage in practical activities like tree planting, clean-up drives, reducing plastic use, and creating green spaces.
- Eco clubs often raise awareness about local and global environmental issues through campaigns, social media outreach, and community events.

K.S.R College of Engineering celebrating the concept for the inauguration of an Eco Club is designed to create a sense of excitement and involvement, while also providing education and inspiration around environmental issues. The event is structured to engage the audience, build community, and formally kick off the Eco Club's activities, with a focus on sustainability, practical action, and long-term impact.

## Event - 2: Solid Waste Management

Date: 26.10.2024

Time: 1.30 pm

Venue: Venus Block

The poster features the KSR College of Engineering logo at the top left, with accreditation details (NAAC ACCREDITED A++ and NBA ACCREDITED PROGRAMMES) at the top right. The central text reads 'ECO CLUB Organizes SOLID WASTE MANAGEMENT'. Below this is an illustration of people sorting waste into bins labeled 'ORGANIC' and 'PLASTIC'. At the bottom, it specifies the event date as 'ON SATURDAY OCTOBER 26, 2024', starting at '01.30 PM', and the venue as 'CHEMISTRY LABORATORY-1, URANUS BLOCK (F BLOCK) FIRST FLOOR, KSRCE'. Social media links and the website 'www.ksrce.ac.in' are also provided.

Solid Waste Management is the collection, treatment, and disposal of solid materials discarded by households, business and industries. It aims to reduce waste, recycle materials protect the environment and ensure public health Waste Classification Solid waste can be classified into several categories, including biodegradable, non - biodegradable recyclable, and hazardous waste
