

Readers Club

Introduction

The Readers Club at K.S.R College of Engineering is dedicated to promoting a holistic approach to wellness among students. Our club is a community of passionate readers who come together to explore the world of books, ideas, and stories. Whether you're a casual reader or a book enthusiast, our club offers a space for you to share your thoughts, expand your literary horizons, and connect with fellow book lovers. Each week, we will delve into a carefully selected book, discuss its themes, characters, and much more, all while fostering a welcoming and inclusive environment for readers of all tastes. Our club is not just about reading; it's about the joy of sharing stories and creating lasting connections through literature. So, whether you're here to enjoy a good read, challenge your thinking, or meet new people, you've found the right place!

Vision

Our vision is to create a vibrant and diverse literary community where individuals can connect through the shared experience of reading, discussing, and celebrating books. We aim to foster a culture of lifelong learning, personal growth, and creative exploration through literature. By exploring a wide variety of genres, authors, and perspectives, we strive to encourage open dialogue, broaden our understanding of the world, and cultivate a deep love for reading in all its forms.

Objectives:

Foster a Love of Reading:

Encourage members to read regularly, explore new genres, and develop a lifelong love of literature.

Engage in Thoughtful Discussions:

Facilitate insightful conversations where members can discuss the themes, characters, and writing styles of the books read.

Promote Diverse Literature:

Ensure that the books we choose come from a wide range of genres, cultures, and authors, providing opportunities for broadening perspectives and deepening understanding.

Build a Supportive Community:

Create a safe, inclusive environment where members can freely share their ideas, thoughts, and personal experiences related to the books we read.

Host Special Events and Activities:

Organize book-related events, such as author Q&as, reading challenges, and literary discussions, to enhance the club experience and deepen our engagement with literature.

Encourage Personal Growth:

Inspire members to reflect on the insights gained from reading, challenge their viewpoints, and apply new knowledge to their personal lives.

Cultivate a Sense of Belonging:

Strengthen relationships among readers through social events, meet-ups, and group activities that extend beyond just reading, creating a space for shared experiences and mutual support.

Members of Readers Club @ KSRCE

www.ksrce.ac.in

Event Description

K.S.R College of Engineering organized a book review programme through the readers club. Such a review may evaluate the book based on personal taste. Reviewers may use the occasion of a book review for an extended essay that can be closely or loosely related to the subject of the book, or to promulgate their ideas on the topic of a fiction or non-fiction work. An exciting initiative designed to bring book lovers together for engaging discussions, in-depth reviews, and insightful conversations about literature. Whether you're an avid reader, a casual bookworm, or someone who simply enjoys exploring new stories and ideas, this programme offers a platform to dive deep into books, authors, and themes. Our programme invites participants to engage with a carefully selected book each month (or week, depending on your preference), offering an opportunity to read, reflect, and share personal perspectives. Through a mix of informal discussions, expert-led critiques, and member reviews, we aim to create a community where literature is celebrated, explored, and appreciated from all angles.

Event - 3: Story Telling (Personal experiences, Interests and hobbies, Universal themes).

Date: 09.11.2024

Time: 1.30 pm

Venue: Smart Board Hall
Library 3st Floor (Bharathidasan Library)

KSRIET SUPPORTS THE SUSTAINABLE DEVELOPMENT GOALS

Event Description

K.S.R College of Engineering organized a Story Telling programme through the readers club. This programme is designed to celebrate the art of storytelling in all its forms, whether it's through spoken word, written narratives, or digital mediums. Our mission is to bring together individuals from all walks of life to share their unique voices, experiences, and imagination through the powerful medium of stories. We believe that stories have the power to connect us, inspire us, and transform the way we see the world. Whether you're a seasoned storyteller or a first-timer, our programme offers a welcoming environment for all to explore the magic of storytelling. Join us for a series of events, workshops, and performances that celebrate the rich tradition of storytelling and its contemporary evolution.
