## ROTARACT CLUB

---

### INTRODUCTION

**Rotaract** originally began as a [Rotary International](#) youth program in 1968 at [Charlotte North Rotary Club](#) in Charlotte, North Carolina, United States, and has grown into a major organization of 9,000 clubs and nearly 120,000 members in 189 countries and geographic areas. It is a service, leadership, professional, and community service organization for young adults aged 18 and over.

Rotaract focuses on young adults' development as leaders in their communities and workplaces. Clubs also take part in international service projects, in a global effort to bring peace and international understanding to the world.

Most Rotaract activities take place at the club level. Rotaract clubs hold formal meetings in person or virtually, usually every two weeks, that feature speakers, special outings, social activities, discussions or visits to other clubs. Club members get together on designated days for service project work, social events, or professional/leadership development workshops.

### VISION:

Developing young leaders to be actively engaged in building a better community, region and world.

### OBJECTIVES:

- ❖ To recognize, practice and promote standards as leadership qualities and vocational responsibilities.
- ❖ To develop knowledge and understanding of the needs, problems and opportunities in the community and worldwide.

People of India love their festivals and celebrate even the less significant ones with enthusiasm. India is a land of different religions and cultures; hence, every religion has its own festivals and customs. Despite the diversity, every festival is celebrated together by the people of various faiths and beliefs. Festivals of India reflect the rich cultural heritage of its people; their faith in each other's religious beliefs; mutual harmony among the people of India and their love for the nation and its heritage.
