

## Centre for Sustainable Development Goals (SDG)

### **Vision**

Foster a sustainable future by offering comprehensive education that equips students and communities to actively contribute to achieving the United Nations Sustainable Development Goals.

### **Mission**

- Integrate the principles of the UN SDGs across all disciplines within our diverse colleges.
- Inspire students and faculty to become catalysts of sustainable change through interdisciplinary collaboration
- Cultivate awareness, foster innovation, and actively engage with our local and global communities
- Contribute to the creation of a more equitable, resilient, and sustainable world

The Sustainable Development Goals (SDGs), also known as the Global Goals, were adopted by the United Nations in 2015 as a universal call to action to end poverty, protect the planet, and ensure that by 2030 all people enjoy peace and prosperity. The 17 SDGs are integrated. They recognize that action in one area will affect outcomes in others, and that development must balance social, economic and environmental sustainability. Countries have committed to prioritize progress for those who're furthest behind. The SDGs are designed to end poverty, hunger, AIDS, and discrimination against women and girls. The creativity, knowhow, technology and financial resources from all of society are necessary to achieve the SDGs in every context.

## The SDG Goals are

(S1) No Poverty, (S2) Zero Hunger, (S3) Good Health and Well-being, (S4) Quality Education, (S5) Gender Equality, (S6) Clean Water and Sanitation, (S7) Affordable and Clean Energy, (S8) Decent Work and Economic Growth, (S9) Industry, Innovation and Infrastructure, (S10) Reduced Inequality, (S11) Sustainable Cities and Communities, (S12) Responsible Consumption and Production, (S13) Climate Action, (S14) Life Below Water, (S15) Life On Land, (S16) Peace, Justice, and Strong Institutions, (S17) Partnerships for the Goals.
